## Are you running your business or is it running you?

### Is this you?

Many of the most successful entrepreneurs and business leaders work longer hours and get less return on their investments of time and money.

Maybe you wrestle with some of these challenges:

- **Lack of Control** over time, markets or your company
- **People** who don't listen, understand or follow through
- **Profit** that's inconsistent and/or there's not enough
- **Growth happens**, but you can't break through to the next level
- **Quick Fixes** that come and go, bringing little change with continued frustrations

### Don't let the business run you!

### Get a grip on your business

Join Martin Andrew's powerful, inspirational presentation that will introduce you to the Six Key Components™ of a successful business.

Martin's interactive style and experience-based real world insight makes this an eye-opening event for growth-oriented business leaders.

At the conclusion of this workshop, you will walk away with a set of simple practical tools that you and your leadership team can use immediately to focus on priorities, get clear on issues and gain traction together as a healthier, functional and cohesive team.

**Guest Speaker: Martin Andrew,**  
**Certified EOS Implementer™,**  
**Owner - Traction Matters Ltd**

Martin helped set up a small travel franchise business at the age of 21 before embarking on a 20 year journey in leadership roles across a broad and diverse group of international award winning companies.

In 2010 he returned to his entrepreneurial roots and has been working with owners, investors and leadership teams helping them grow so they get more of what they want from their business - and ultimately their lives.

### Real simple results

*"We implemented the EOS system into our business and it's one of the best things we ever did. Our leadership team has developed into a vibrant, healthy and dynamic group and wherever we look across the organisation we see our people rowing in the same direction. I would urge any entrepreneur or business owner seeking to scale up and grow their business to engage Martin."*

**Mathew Hassell, CEO, Founder CoachHire.com**

*"We had committed to EOS as the platform for our business but we were finding it difficult to implement it properly by ourselves. Working with Martin has been a revelation. We have been able to implement EOS better and faster with his help and he has been instrumental in helping us build a committed and focused team for the business."*

**Phil Jepson, Chairman, Owner Jepson Holt**
